- 

Appzmine Tech Pvt. Ltd.

*Nagpur, India*

**Full Stack Developer**

Sep-2022 –Oct2023

- Developed and optimized web applications using the MERN stack, handled front-end and back-end development, integrated secure authentication, built dynamic and responsive UIs, and enhanced user experience through performance improvements and interactive design.

## PROJECTS

### Frutiger India – CRM Web App

Created a powerful CRM app using React, Node.js, and MySQL. Designed intuitive interfaces for seamless customer management. Integrated secure user authentication. Developed lead management features and invoicing system. Handled both front-end and back-end components.

### Chat App

Developed a real-time chat application using the MERN stack, integrating Socket.IO for seamless messaging. Designed a visually appealing UI with dynamic theme modes, enhancing user experience and accessibility.

### HELPING HAND A Multi Level Marketing Website

I developed the front-end of "Helping Hand" using React.js, CSS, and Bootstrap, ensuring a modern and responsive design. The interface is sleek and intuitive, allowing users to effortlessly navigate and track their earnings. Continuously updated for an improved user experience.

### Frutiger Inida Website

I developed FRUITGER INDIA PVT LTD's website, featuring their products and services globally. Employed HTML, CSS, Bootstrap, JavaScript, jQuery, and React.js for a modern touch.

### **Azulman Website**

I developed the front-end of Azulman using React.js, HTML, CSS, and JavaScript, ensuring a modern and responsive design. The interface is sleek and intuitive, allowing users to seamlessly book home maintenance services. Continuously refined for an optimized user experience.

### **KNK Signage**

Crafted the KNK Signage website showcasing their vehicle signage expertise. Employed HTML, CSS, and React, enhanced with animation libraries like GSAP and smooth scroll for dynamic user experience.
